Beyond the Sunset

By: Perry B. Cotham

Beyond the Sunset is now available as a free PDF and audiobook in the GBN library. You can access it on the GBN website or app

"*Beyond the Sunset* is the crowning work of a productive life of Gospel preaching that spanned eight decades and took the author into nearly every state of the USA and into seventy-five foreign countries. Well known for his popular series of tracts on first principles, as well as several printed debates with Pentecostals, Perry B. Cotham writes with the same clarity, simplicity, and logical reasoning that characterizes his earlier writings. *Beyond the Sunset* is a masterful exposition of the Bible doctrine of last things."
