RECENT CONVERSIONS

Meet **Nelson**! He searched the word "Christian" on YouTube and found the Authentic Christian Podcast. He emailed us with some questions and asked if he would like to be put in contact with a church of Christ near him, which we did. He was baptized into Christ in Colaba, Mumbai and now wants to be a preacher!

Joey Durham was also baptized into Christ after hearing a lesson by Don Blackwell on baptism.

Rickie Oui from the Philippines contacted us after watching our materials online. After studying with Don via Zoom, we found a local contact in the Philippines. Rickie and his wife, Irine, began attending with the local church and were baptized by brother Emelito Solon on January 5, 2025.

Is Christianity Logical?

By: Dave Miller

Is Christianity Logical? is now available as a free PDF and audiobook in the GBN library. You can access it on the GBN website or app.

- Is Christianity irreconcilable with logic and reason?
- Is “faith” accepting what you cannot know or prove?
- Did Jesus expect people to believe Him without proof?
- Does Christianity require evidence and proof before being accepted?
- Is the religion of Christ “better-felt-than-told”?

The Truth: those who were selected by God (prophets, apostles, Bible writers, and Jesus himself) to communicate His will to the world always pre- sented their divinely inspired messages with logical precision, proving their propositions, and engaging in rational, reasonable discourse.
