WE ARE REACHING SOULS THROUGH INSTAGRAM!

In the last 6 months, we have posted on Instagram 253 times with an average post being viewed 75,000 times. Based on this average, our total reach has been around 19 million views.

Each of these posts reaches thousands of souls, and while the ultimate reach is only known by God, we have had a few more direct success stories. Two young men, after viewing posts about the Bible's teaching on baptism and salvation, messaged us and sought more information. After a few hours of studying with each, both of these men recently have expressed the knowledge that they were not baptized scripturally and would like to be baptized the proper way. We have connected both of these young men to local congregations of the Lord's church, one in Colorado and one in New York City.

(Aaron is the director of Public Relations and Social Media Outreach. If you'd like him to come talk to your congregation about how GBN can help your local outreach, send him a message. Gallagher@gbntv.org).

GBN CONTINUES TO EXPAND OUR REACH IN BROADCASTING THE GOSPEL

GBN will soon be carried by a new television system in southeast Tennessee. The Sequachee Valley Electric Cooperative is expanding into television through their new fiber optic network, SVEConnect. This system will serve the Marion County areas not already covered by either Ben Lomand or Chattanooga EPB (both of which also carry GBN). GBN will be carried on channel 116 in the SVEConnect lineup in their gold tier of programming.

The passing of the Tennessee Broadband Accessibility Act last year allows for electric cooperatives in Tennessee to offer internet, television and telephone services in areas not already covered by a telephone cooperative. This provides an excellent opportunity for the expansion of GBN as these systems get started. Please pray that GBN may grow as more communities add these services in rural Tennessee.

YOUR FINANCIAL SUPPORT ENABLES US TO CONTINUE BROADCASTING THE GOSPEL AROUND THE WORLD!

(Host of GBNLive and Co-Host of Counterpoint)

This past year I have had the privilege and opportunity to visit and preach in various congregations in different states. I have been very encouraged to hear people tell me they watch Counterpoint and GBNLive and appreciate the programs. I am so thankful GBN can make a difference in a world that has been darkened by sin and unrighteousness.

To illustrate the impact GBN is having in the lives of people, I would like to share some good news. While attending the Freed-Hardeman Lectures in February of this year, a couple told us they watch Counterpoint regularly. They said 18 months ago they were members of a denomination and thought they were “okay.” Today they are New Testament Christians.

Thank you for supporting GBN with your prayers and financial assistance. Please tell others about our work and help us share the gospel with a lost and dying world.
